COVID 19-BCBSM GUIDANCE

- ❖ The impact of the COVID-19 pandemic on Pay-For-Performance (P4P)/Gold Card/CQI-VBR scores and case volumes will be addressed at a later date between BCBSM and MROQC
- ❖ BCBSM understands the need to redeploy abstractors to meet the internal clinical care needs of your department and/or site. Abstractors that are redeployed to assist with COVID-19 clinical care needs must be communicated to [Melissa Mietzel](#) via the [Attestation for CQI Data Abstractor Reassignment](#) document
- ❖ Please make all attempts to reassign vs. furlough an abstractor that cannot be redeployed to meet clinical care needs. There is a special CQI-wide COVID-19 project that currently needs abstractors!

For additional information on staffing and other items, please reference the [BCBSM CQI Guidance & Documents](#)

JUNE 12TH, 2020 COLLABORATIVE-WIDE MEETING

While an effort will be made to hold all virtual MROQC working group calls as scheduled in the coming months,

the MROQC Coordinating Center has made the decision to **cancel** the in-person June 12th collaborative-wide meeting.

2020 AUDITS

- We will be delaying the start of the 2020 MROQC audits to July*
**subject to change as the pandemic continues*
- All 2020 audits will be conducted remotely

CONTACT US!

The MROQC Coordinating Center will be working remotely for the foreseeable future.

Thanks to technology, this will not impact the support we are able to offer our sites and we will continue to be available as a resource to help members navigate this difficult situation.
