

Michigan Radiation Oncology Quality Consortium

## March NEWSLETTER

---

### MROQC Spring Cleaning: Coming Soon!

It is "spring cleaning" time at the MROQC Coordinating Center!

We are dusting off our records to:

- Assist in our communications to members.
- Ensure ongoing database security.
- Capture information for physicians that have joined or left MROQC.

To do this well, we need accurate information in our member records.

**MROQC Teams**, this is where we will need your help.

We ask that you please review and as needed, provide the necessary information back to the Coordinating Center by the requested due date.

Thank you in advance for helping us "clean" and THINK SPRING!!!

#### In this Issue:

**MROQC Spring Cleaning**

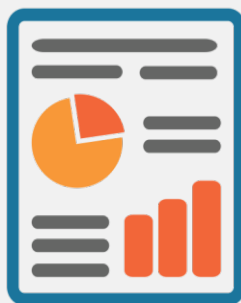

**Monthly Performance Reports**

**Database Improvement: Upcoming Outages**

**Lung Working Group Retreat**

**Upcoming Meetings and Events**

**2023 Collaborative-Wide Meetings**

### Monthly Performance Reports

The MROQC Monthly Performance Reports have been distributed as of March 15th.

We encourage every team to review the monthly report as we are seeing low to no enrollment across several sites on the MROQC projects and/or sites that have no physics data entry in 2023.

As we come to the end of the 1st quarter of 2023, timely data entry will be very relevant to current (2023) quality measure performance **and** to how we proceed as a consortium in setting measures for 2024.

As a reminder, abstractors have access to additional reports in the databases to help guide data entry efforts. Please do not hesitate to reach out to [support@mroqc.org](mailto:support@mroqc.org) with questions.

## Database Improvement: Upcoming Outages

The MROQC databases will be undergoing system performance upgrades over the next couple of weekends. This will not impact any forms but data entry will be unavailable during this time.

### Upcoming Outage Schedule:

Mets: March 17th-20th  
Breast & Lung (MROQC): March 24th-27th  
Prostate: March 31st-April 3rd

## MROQC Lung Working Group Retreat March 13th

Over 30 members joined the Lung Working Group retreat today-via Zoom or on location at Trinity Health Saint Mary's. Thank you to all that attended and contributed to discussions on the current state and future planning of @MROQC1 🧡

**10:15 am** Login to Zoom 15 minutes prior to start of meeting:  
Join Zoom meeting using this link:
